

MEET THE SALES "MACHINE"

Your Sester Farms sales team operates as a fine oiled machine keeping you informed of inventory changes, quotes/orders, adjustments, and upcoming shipping schedules.

To talk with your sales representative or reach by email: visit website Contact Us/Sales Team.

In a rush today? Availability updated hourly: visit website Current Availability.

Sales (except Colorado/Utah region) work out of the main Gresham Oregon office traveling to their territories several times each year for nursery visits and attend national and regional trade shows.

This season marks a transition for our sales marketing and customer service making it easier to do business with us whether as a Retail Garden Center or a Grower/Re-wholesaler.

Retail customers receive competitive delivered to your door line item pricing (never see a freight bill) on finished container trees and shrubs material, industry branded and Grand Prize brand pots and tree wraps (select varieties), free informative picture hang tags and free pre-pricing labels (talk with your territory salesman for details).

Grower/Re-wholesaler customers receive field grow-on and container deciduous bareroot and conifer/evergreen material with competitive net pricing (freight additional), up to 30 percent discount off Catalog, access to our grower solutions such as Root Optimizing System®, deciduous grow-bag liners, shift-up size containers, and greenhouse division liners.

If you have not yet received your new Retail "Plants That Sell®" and/or Grower/Re-wholesaler "Growing Made Simple®" informative brochure please contact your territory salesman by calling 1-800-832-4487 or visiting www.sesterfarms.com.

In the nursery this month winter trade show travel, greenhouse grafting, deciduous bare root grading, tagging, bundling and storage, finished container placement and spacing in the can yard, preparation for early Spring shipping.

It's never to late to enter a new order or add to an existing order – call today.
